

Good afternoon residents,

This Message is from your Board of Trustees. With the extreme amount of rain this past weekend (nearly 6 inches) as well as scattered showers during the week it has resulted in saturated grounds in many areas of our community. Taking that into account, the decision has been made to forego the mowing this week in order to protect the turf in our community.

We should be back on schedule next Friday, but remember the schedule is always weather permitting. We will do our best to keep everyone up to date as early as possible when there is a weather impact to the schedule.

Thank you for your patience, and remember to check out the official website [whitingstationcommunity.org](http://whitingstationcommunity.org)
